

Good news! 50%* off Kids and Students pricing is back for one last time. At a time when the competition is requesting price increases VIVAS Health is dramatically reducing the price of health insurance allowing you to make substantial savings on your family's premium.

Over 1000 new members join VIVAS Health every week† and our recent wins at the KPMG Financial Services Excellence Awards and Customer Service Ireland Awards further recognises our contribution in a sector that for years suffered from an absence of choice and innovation.

With extra benefits and 50%* off Kids and Students Prices back for a limited time there has never been a better time to join or switch to VIVAS Health.

- * 50%* off Kids and Student annual pricing
- * Cover for more hospitals and treatment centres
- * Comprehensive maternity cover, including post natal home help
- * Free upgrade for kids – from level 2 - kids can have the same level of cover as their parents at no extra cost
- * The best cover for scans on the market
- * Laser Eye Surgery & Teeth Whitening

Pass on the good news?

I'd appreciate it if you could pass on the good news to your friends and colleagues by sending the e-mail below.
